

Warsaw, 1.7.2015

Mr. Vassilis Bardakis
President
Association of Civil Engineers of Greece

Dear Vassilis,

I write this letter to express my grave concern and sympathy because of the difficult times Greece is going through these days.

On behalf of the European Council of Civil Engineers, I would like to express my support and solidarity to Greece and to the Greek people to hold on and stay strong and calm during this difficult time.

I truly hope that this tough situation for Greece and for Europe will be clarified in the best possible way very soon.

With my warmest regards and best wishes,

Włodzimierz Szymczak
President of ECCE
